SUMMARY

Flutter Developer experienced in building Android mobile and Windows desktop applications with Dart, including REST API integration, state management (BLoC, Cubit, Riverpod), and custom UI implementation. Skilled in Firebase, local storage (Drift, Hive), application debugging, and CI/CD automation with GitHub Actions. Independently designed and built applications spanning WebRTC-based real-time communication, desktop operations management software, and LLM-powered workflow automation using OpenAI and Claude APIs.

TECHNICAL SKILLS

Flutter & Mobile: Flutter, Dart, Android, Windows Desktop, Responsive UI

State & Architecture: BLoC, Cubit, Riverpod, Feature-Based Architecture, Repository Pattern, Monorepo

Backend & Storage: Firebase, REST APIs, Drift (SQLite), Hive, SQL/NoSQL

Real-Time Communication & AI Integration: WebRTC, OpenAI API, Claude API, n8n, Webhooks

Languages & Tools: JavaScript, Python, Java, C++, Git, GitHub Actions, CI/CD, Docker, Figma

PROJECT EXPERIENCE

Role: Independent Developer (self-directed design, development, and deployment)

Brox | Flutter Desktop, Dart, Hive, BLoC/Cubit, GoRouter, GitHub Actions, Windows

[Portfolio](#)

- Engineered a local-first Flutter desktop platform for POS and inventory, architecting a modular codebase (500+ widgets) using BLoC, Hive, and GitHub Actions CI/CD.

Rain | Flutter, Dart, WebRTC, Firebase, Drift, Riverpod, Android, Windows

[Portfolio](#)

- Architected a peer-to-peer WebRTC messenger for real-time text, file, and voice/video transfers via a multi-package monorepo (Riverpod, Drift, Firebase).

AI Workflow Automation | n8n, OpenAI API, Claude API, Webhooks, REST APIs

[Portfolio](#)

- Orchestrated n8n automation workflows integrating OpenAI/Claude APIs with webhook triggers to streamline data processing and content generation.

CampusSuit | Flutter, Firebase, REST APIs, BLoC

[Portfolio](#)

- Spearheaded a Flutter campus community app, decoupling business logic from UI using feature-based architecture, BLoC, and Firebase REST APIs.

EDUCATION

Akhbar El-Yom Academy

Oct. 2020 – Jul. 2024

Bachelor of Computer Science | GPA: 3.3/4.00 Cumulative | 4.00/4.00 Graduation Year

6th October City, Egypt

LEADERSHIP & COMMUNITY

Google Developer Student Club (GDSC)

Oct. 2022 - Oct. 2023

Flutter Lead

[Akhbar El-Yom Academy](#)

- Led structured Flutter learning tracks, mentored student developers on app architecture and best practices, and co-organized the NextGen and Google I/O Extended community events.

ICPC - Collegiate Programming

Jun. 2020 - Oct. 2023

Core Team Member

Competitive Programming

- Organized algorithmic problem-solving contests and mentored participants on data structures and competitive-programming techniques.

LANGUAGES

Arabic: Native

English: Upper-Intermediate
